	Ingredients:	Soy protein hydrolysate, and Calcium.
(100209-45-8)	CAS No.	
		(100209-45-8)

Section 4: First-Aid Measures	
General Information:	Seek medical attention if symptoms warrant.
Eye:	Wash eyes with plenty of water for at least 10
	minutes. Seek medical attention if soreness or
	redness persists.
Skin:	Wash skin with mild soap and water. Remove
	contaminated clothing and wash before reuse. In
	severe cases, seek medical attention.
Inhalation:	Remove person to fresh air. Seek medical attention
	if symptoms warrant.
Ingestion:	Wash mouth out with plenty of water. Have victim
	drink 1-3 glasses of water to dilute stomach
	contents.
Additional Statement:	NA
Section 5: Fire-Fighting Measures:	
General Information:	Fire fighters should wear protective clothing such as
	OSHA/NIOSH approved self-contained breathing
	apparatus.
Suitable Extinguishing Media:	Use water spray, foam, dry chemical, carbon dioxide
	or other approved product to extinguish fire.
Section 6: Accidental Release Meas	
Personal Precautions:	Wear appropriate protective clothing and safety
	devices as listed by OSHA 29 CFR 1919.134. Avoid
	breathing dust. Contain spill.
Product Clean Up:	Avoid making dust when cleaning up. Recover dry
	product by sweeping to collect. Dispose of properly.
	Flush area with water after clean up. Recovery of
	liquid product; use an appropriate absorbent
	material such as cat litter or sand to adsorb product.
	Dispose of appropriately according to local, state or
	national regulations. This product is not considered
	dangerous to the environment.

Section 7: Handling and Storage		
Safe Handling: Storage:	Avoid breathing dust and void contact with eyes, skin and clothing. Approved dust mask, goggles or face shield are recommended when handling product and dust is expected. Wash thoroughly after handling. See SECTION 4 for first aid measures if exposure occurs. Storage area should be in a well ventilated area	
otoruge.	where it is cool, dry and out of direct sunlight. Product should be stored in original container. Containers should be tightly closed after opening.	
Section 8: Exposure Controls/Personal Protections		
Ventilation:	Always provide adequate ventilation where product is used.	
Protective Measures - Respiratory:	Use of a respirator is recommended when there is a risk of inhalation of dust when mixing or handling. Respirators need to be compliant with OSHA 29 CFR 1910.134.	
Protective Measures - Skin:	Disposable vinyl gloves, long sleeve shirts, long pants, shoes and socks are recommended to prevent contact with eh skin. Was exposed skin after handling.	
Protective Measures - Eyes:	Safety goggles and safety glasses are recommended. See OSHA 29 CFR 1910.134.	
Section 9: Physical and Chemical P	T ·	
Appearance:	Light cream to light brown powder.	
Upper/lower flammability or	Not flammable or Explosive	
explosive limits:	0.2 to 0.6 am /avbia as	
Bulk Density Odor:	0.3 to 0.6 gm/cubic cc	
Vapor pressure:	NA NA	
Odor threshold:	NA NA	
Vapor density:	NA	
pH 1% solution:	3 to 7	
Relative Density:	NA	
Melting/Freezing Point:	NA	

Solubility:	Water soluble
Initial Boiling Point/range	> 100C
Flash Point:	> 100C
Evaporation rate:	NA
Flammability:	Not Flammable
Partition coefficient: n-	NA
octanol/water:	
Auto-ignition temperature:	NA
Decomposition temperature:	NA
Viscosity:	NA
Section 10: Stability and Reactivity	
Chemical stability:	Stable under recommended storage and handling
	conditions. Hygroscopic.
Reactivity:	Avoid prolonged exposure to direct sunlight.
Hazardous Polymerization:	No
Hazardous Decomposition Products:	Metal oxides are possible decomposition products
Section 11: Toxicological informati	
Acute Toxicity:	The supplier of this product has no evidence to
	suggest that this product has Acute or Chronic
	toxicological effects.
Eye:	The degree of irritation was insufficient to warrant
	labeling as an eye irritant.
Skin:	The degree of irritation was insufficient to warrant
	labeling as a skin irritant.
C .: 40 P l : 11 C	
Section 12: Ecological Information	
Ecological Testing:	This product has not been subjected to ecological
	testing. Care should be taken to prevent entry of any
	chemical product into natural water systems.
Costion 12. Disposal Consideration	
Section 13: Disposal Consideration	
Disposal of Product:	Non-hazardous waste. Dispose of product according
Cantainau Informatica	to all federal, state and local applicable regulations.
Container Information:	Packaging should be disposed of by landfill, incineration or as appropriate based on regulations.
	i incineration or as appropriate pased on regulations.

Section 14: Transport Information	
Regulations:	Nontoxic, nonhazardous, not flammable, no live organisms. Not Classified. No special requirements and no restrictions on transportation by land, sea or air.
Section 15: Regulatory Information	
	This product is not regulated by any known governmental agency as hazardous.
Section 16: Other Information	
of preparation. It does not relieve the with local, national or international la The suppliers do not accept responsible product or failure to comply with the representation or warranties either exwarranties of merchantability, fitness	et is to the best of our knowledge accurate at the time user of this product of any responsibility to comply two relating to the handling or use of this product. Dility for any claims resulting from the misuse of this information stated within.
