

Grower's Secret **Commercial**

VitalVit 5-0-0 + 12% Mn

COMPLEXED MINERALS FOR CROP PRODUCTION

Plant Derived Nitrogen and Manganese sulfate

Grower's Secret VITALVIT Mn is a water soluble product derived from plants and Manganese.

Use as part of an overall nutrient management program in organic and conventional production to provide Nitrogen and Manganese to support plant growth, correct Nitrogen and Manganese nutrient deficiencies, help improve plant quality and activate enzymes needed for plant hormone production. VITALVIT Mn can be applied as a stand-alone product and is compatible with other supplements and pest control products.

VITALVIT Mn

- High in Nitrogen and Manganese
- When used according to directions will not burn crops
- Can be applied as a foliar spray or through irrigation
- Can be applied in organic and conventional fields
- Low to no odor
- Supplies plant available Nitrogen and Manganese necessary for production of plant growth hormones, improves photosynthesis and respiration and helps resolve Manganese and nitrogen deficiencies.
- Helps chelate other nutrients
- Supports chlorophyll and plant hormone production and greener plants

FREQUENTLY ASKED QUESTIONS:

- What is VITALVIT Mn made from? [Plant proteins and Manganese sulfate](#)
- Can it be mixed with other products? [Yes it can. However we have not been able to test all combinations of possible mix partners and recommend a small jar compatibility test using product in proportion to field use before wide scale use if you are not sure.](#)
