

Grower's Secret **Commercial**

SOLUBLE SEAWEED POWDER

HELP FOR ORGANIC PRODUCTION

Provides nutritional support, promotes and improves crop quality

Derived from *Ascophyllum nodosum* and potassium

- Suitable for use on all organic and conventional crops, turf, and ornamental plants
- Promotes chlorophyll content helping to provide more plant food, improves seed germination, root and plant establishment
- Promotes leaf growth and development
- Promotes flowering, fruit set, and fruit development
- Provides potassium which is immediately available after application
- Use as part of an overall fertility program
- Compatible with most fungicides, insecticides and commercial plant nutrients - a small jar compatibility test is always recommended if there is question regarding physical compatibility
