

# FORTIFY

## ORGANIC PRE-PLANT FOUNDATION MIX

**Micronutrients, Mycorrhizae, and Microbes**  
Improves soil structure

Grower's Secret FORTIFY is an organic nutrient-rich pre-plant mix of micronutrients, mycorrhizae, and microbes, fortified with GROWER'S SECRET PROFESSIONAL, our patented plant growth enhancer.

Use to improve soil structure and water holding capacity which helps supply nutrients necessary for plant growth.

Derived from kelp (*Ascophyllum nodosum*), azomite, worm castings, limestone, and fermented molasses.

- Nutrient rich organic minerals and microbes
- Contains water-soluble nutrients
- Enriches nutrients in any container or soil
- Supplies micronutrients necessary for enhanced seed germination and root growth
- Supports microbial life, improves water holding ability of plant medium, and improves soil structure

### Suitable for use in the Propagate Stage

- Easy-to-use: Can be used as a foliar spray, soil drench or through drip irrigation systems
- Can be applied to fruit, nut, and ornamental trees, shrubs, vines, small fruits, vegetables, indoor and outdoor potted plants, greenhouse and landscape plants
- Effective in any soil or soilless plant medium for indoor and outdoor growing

### DIRECTIONS FOR USE

#### Household and outdoor plants:

Thoroughly mix 10 teaspoons (28 grams) into 5 gallons of potting mix before planting.

#### Hydroponics and Soil Systems:

Thoroughly mix 10 teaspoons (28 grams) into 5 gallons of potting mix before planting.

Contains OMRI-listed and CDFA-registered Grower's Secret Professional plant growth enhancer

Non-polluting, will not harm water supply

Suitable for use in organic farming
